

United States Department of State

Washington, D.C. 20520

DEC 09 2009

Dear Madam Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed amendment to a manufacturing license agreement for the export of defense articles, to include technical data, and defense services in the amount of \$50,000,000 or more.

The transaction contained in the attached certification involves the export of defense articles, to include technical data, and defense services for the manufacture of Military Flexible Printed Circuit Board Assemblies (Flex Circuits) by Amphenol Mexico for end-use by the United States and Mexico.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Verma', written over a large, stylized 'X' or 'Z' mark.

Richard R. Verma
Assistant Secretary
Legislative Affairs

Enclosure:

Transmittal No. DDTC 157-09
